3rd Grade Mississippi Assessment Program English Language Arts Assessment Results Overview Explanation

Standard Setting Validation and Cut Score Explanation

The 3rd Grade MAP ELA Assessment sub-score will consist exclusively of the operational reading and language items from the 3rd Grade MAP ELA Assessment (reading literature, reading for information, and language). The maximum possible raw score is 48 points, which makes it worth fewer points than the 3rd Grade MAP ELA Assessment because the ELA test also includes writing tasks.

The standards validation was necessary because a new assessment administered for the first time in 2015–2016 (i.e., reading and language items from the 3rd Grade MAP ELA Assessment) is being used to meet the requirements of the Mississippi Literacy-Based Promotion Act (SB2347), creating the need for a review of the Performance Level 2 and Performance Level 3 cut scores.

A cut score determines which category students' results apply:

- Not Met (i.e., does not meet the readiness requirement)
- Met (i.e., meets the readiness requirement)

Two passing standards were determined.

- Performance Level 2 will be the initial passing cut score for the 3rd Grade MAP ELA assessment.
- Performance Level 3 was established for use when the Mississippi Department of Education (MDE) phases in a more rigorous passing standard in 2018-2019.

Performance Level Descriptors

PASS (Performance Level 2):

A student who scores at Performance Level 2 or above meets the requirements of the Literacy Based Promotion Act for the 2016-2017 and 2017-2018 school years for promotion. Students who score within a close range of the cut score, however, still need additional intervention and supports in the following areas:

- apply phonetic analysis to decode unknown words
- determine story elements, the main idea, and cause/effect in literary and informational texts
- respond to literal comprehension questions and summarize short story selections
- demonstrate an understanding of a variety of informational resources by following written directions and using captions
- identify characters, settings, plots, and genre (e.g., literary and informational texts)
- recognize the author's purpose
- use context clues to determine word meaning within context
- identify visual representations (illustrations) in informational texts
- recognize root words, prefixes, and suffixes

FAIL (Performance Level 1):

A student who scores at this level or below will need additional interventions and supports. Students who score below the cut score may have a minimal understanding of the following skills:

- use elements of phonetic analysis to decode unknown words
- use sequencing, predicting, and retelling to understand literary and informational texts
- use signs and labels
- identify characters, settings (e.g., literary and informational texts)
- identify pictorial representations (illustrations) in informational texts
