

Chapter 48: MAEP (Mississippi Adequate Education Program)

Rule 48.6 Selection of Successful School District. Prior to November 1, 2009, for the purpose of selecting successful school districts for use in the Mississippi Adequate Education Program (MAEP) base student cost calculations, “successful school district” is defined as a school district that has a Quality of Distribution Index (QDI) of 133 to 199 as established in the State Accountability Rating System adopted by the Board in March 2009. From and after November 1, 2009 for the purpose of selecting successful school districts for use in the MAEP base student cost calculations, “successful school district” is the definition of “successful school district” as defined in the State Rating Accountability Rating System adopted by the Board in March 2009.
